The 2017 Royal Challenge

The Locations and Scoring

The challenge is to visit as many locations as possible in the allotted time. We've valued each place with points based on how easy they are to get to so part of the challenge is to carefully decide which places you'll attempt to visit in order to score the highest total.

Please see the Terms & Conditions document for the rules in detail.

No	Location	Points				
		10	20	30	50	100
